

HOW TO MINE BUENOS

A Beginner's Guide to the Cryptocurrency of Argentina

1. Download Wallet

Go to <https://Buenos.io> and download the **"Mining Package"**

2. Unzip Mining Package

Unzip the **"Mining Package"**. Right click the file called **"Mine Buenos"** and click **"Edit"**

3. Find Your Receive Address

Double Click **"buenos-qt.exe"**. Wait for the blockchain to sync, or click **"hide"**. Then click **"Receive"** > **"Request Payment"** > **"Copy Address"** to access your **Receive Address**

Configure CCMiner

Replace **"<WALLETADDRESS>"** with your **Receive Address** found in **"buenos-qt.exe"**. Save and close the file.

Mine Buenos

Double click the **"Mine Buenos"** file. Coins will arrive in your **Buenos-qt** within minutes. You can view your mining stats at <https://happypool.co/?address=WALLETADDRESS>
